Interview each other about QCs in your countries

1. Tell me how QC came about in your country and how they spread.
2. Tell me why you started with QCs in your country.
3. Can you describe a typical QC for me – how does it work?
4. What support do you get and from whom?
5. Why do you think QCs succeeded in your country?
6. What should happen to improve QCs in your country

Interview each other: there are no QCs in your country

1. What would have to change so you could start with QCs?
2. What do you think would be needed to start QCs?
3. What are the obstacles for QCs?
